Reservation Policy

It is the intention of Camp Croix to give priority to ministry activities that build up the Conference¹ and the Body of Christ. In accepting reservations for use of Camp Croix, the Registrar will give priority to those activities that the Registrar, at his sole discretion, considers to be ministerial in purpose and function.

Ministerial activities will possess one or more of the following characteristics including:

- 1) They are administered by a Pastor, called worker, or Conference congregational leader;
- 2) They are offered in the name of or on the behalf of a WELS congregation or congregations in the Conference, and to their membership or significant membership segment (e.g., youth group, women's retreat, church council leadership retreat); and
- 3) The Means of Grace, including the Gospel in Word and Sacrament, are offered as a prominent part of the ministry activity
- 4) The Triune God is worshiped as a prominent part of the ministry activity

The extent to which ministry activities exhibit the above characteristics may influence the Registrar's prioritization of one activity over another.

Congregations are encouraged to plan ahead for the use of Camp Croix. Reservations for ministry activities will be accepted on a first-come, first-served basis.

Applicants should work with the Registrar to maximize the use of Camp Croix. Both the Registrar and the applicants should recognize that some activities can successfully coincide with each other, using the ample space and facilities found at Camp Croix.

Reservations for Family Camp will be made in accordance with the following policy provisions:

- 1) Reservations for the non-ministry use of camp in the timeframe from May 1 through October 30 of a given year can be locked in starting November 1 of the previous year. Prior to that, provisional reservations for non-ministry activities may be made, starting as early as 365 days in advance of the start date of the sought timeframe.

Example 1: Group A uses Camp Croix for a non-ministry activity the first weekend in September of 2016, Sept 3-4, 2016. It would like to reserve the same weekend in 2017 (September 2-3, 2017). It makes a provisional reservation on Sept 4, 2016. No other ministry activities seek the same facilities at the same time, and Group A's reservation for September 2-3, 2017 is locked in on November 1, 2016.

Example 2: Group B uses Camp Croix for a non-ministry activity the first weekend in September of 2016, Sept 3-4, 2016. It would like to reserve the same weekend in 2017 (September 2-3, 2017). It makes a provisional reservation on Sept 4, 2016. On October 15, 2016, Salem Lutheran (WELS) in Stillwater MN requests the entire camp be available for the weekend of Sept 2-3, 2017 for a Women's Enrichment Weekend, a ministry event for the women of the Minnesota Conference. Group A's reservation for September 2-3, 2017 is bumped from that time, and another available time is offered instead.

2) Reservations for the non-ministry use of camp in the timeframe from November 1 of a given year through April 30 of the following year can be locked in starting May 1 of the given year. Prior to that, provisional reservations for non-ministry activities may be made, starting as early as 365 days in advance of the start date of the sought timeframe.

3) After the lock-in dates for a given season have passed, reservations for both ministry and non-ministry activities will be accepted on a first-come first-served basis, again with the recognition that some concurrent activities can occur simultaneously using different portions of the property.
